### **DETAILED ACTION**

This application is in condition for allowance except for the following formal matters:

#### ***Abstract***

Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided. The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

For this application, the abstract has more than 150 words.

#### ***Allowable Subject Matter***

Claims 1-19 are allowed.

Prior arts of record do not disclose a method for tuning an inspection system. The method comprises the steps of: analyzing a level information of the anomalies with an initial set of thresholds of inspection system parameters, flagging as defects an initial portion of the anomalies based on the analysis of the level information; selectively

changing at least one of the inspection system parameters to form a modified set of thresholds of the inspection system parameters; analyzing the level information of the anomalies with the modified set of thresholds of the inspection system parameters; flagging as defects an updated portion of the anomalies based on the analysis of the level information, and selectively repeating the step of selectively changing at least one of the inspection system parameters which structurally arranged and functionally operated as claimed in claims 1,6,9.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
